### 2.4.3.7 Add IC Number Column in Model

Add IC number column in the protected allowed field section in **Auth.php** file model.

```
class Auth extends Model
{
    protected $DBGroup          = 'default';
    protected $table             = 'users';
    protected $primaryKey        = 'id';
    protected $useAutoIncrement = true;
    protected $insertID          = 0;
    protected $returnType        = 'array';
    protected $useSoftDeletes    = false;
    protected $protectFields     = true;
    protected $allowedFields     = ['name', 'password', 'ic_number'];
}
```
